At the Pittsburgh Financial Empowerment Center, we recognize that this is a difficult time for many members of our community, and that you or someone you know may be experiencing heightened financial distress or uncertainty.

Therefore, we're thrilled to continue serving our community by offering free, one-on-one, virtual financial counseling sessions by phone or video.

Our team of accredited counselors is here and ready to help you plan for the financial impact of this crisis. We'll help you identify and connect to available resources, budget in the face of income volatility, and work with student lenders and credit card companies to figure out your best payment options.
